

# ALUMNI RESOURCES

ALUMNI WEBINARS BY MAJOR

**FOCUS FOR THE FALL:** politics/prelaw, architecture, engineering, creative types, and education.

IF YOU WANT TO VIEW PAST WEBINARS CHECK OUT THE FSL YOUTUBE

## NETWORKING

When you join a chapter, you are a member for life. With that, you are entering a wide community filled with professional Alumnae. You are able to maintain connections with members or make new connections based on the common ground of values. There are also Alumni Associations spread across the country to continue sisterhood and brotherhood, make more professional connections, volunteer opportunities, or generally stay involved, either in your individual chapter or Greek-wide.

### LinkedIn

Take advantage of the Alumni Tool on LinkedIn! You are able to see where Alumni are living and where they are working to start creating connections for post graduation.

### Alumni Associations

It gives you the ability to gain connections and find friendships when moving to new cities and looking for jobs.

### Networking

Meet people, use social media, use the people you know are out in the professional sphere (Alumni), and be proactive to make connections.

## ALUMNI WANT THE BEST FOR YOU AND WANT TO SHARE TIPS!

Networking gives you a chance to stand out, but it needs to be noted that just because you are a sister or a brother will not get you the job!

Use the resources you have available!
