

WHAT YOU CAN GET FROM YOUR EXPERIENCE?

SISTERHOOD

With chapters of an average of 150 members, there is a broad variety of women in every organization.

Individual chapters use a range of sisterhood events to strengthen bonds.

You are able to find your home away from home.

EDUCATIONAL PROGRAMMING

Learning the history of your organization, time management, etiquette, and leadership qualities prepare you for the present and future.

COMMUNITY

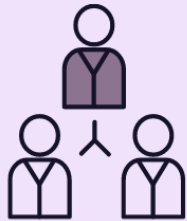

In conjunction with IFC, you are able to make bonds that reach further than the members in your chapter. Supporting other chapters in our community is important in the continuation of Greek Life.

Some community-wide events are:

- Homecoming Week**
- Intramurals**
- Greek Week**

NETWORKING

When you join a chapter, you are a member for life. With that, you are entering a wide community filled with professional Alumnae. You are able to maintain connections with members or make new connections based on the common ground of values. There are also Alumni Associations spread across the country to continue sisterhood, make more professional connections, volunteer opportunities, or generally stay involved. Either in your individual chapter or Panhellenic wide.

THERE IS SUCH A WIDE VARIETY OF EXPERIENCES AND BENEFITS THAT COME FROM YOUR TIME AS A SORORITY WOMAN AT KANSAS STATE UNIVERSITY

ACADEMICS

Chapter members are able to be pushed to better themselves academically, receive individualized assistance, and scholarship.

For more than 30 years, the Sorority GPA has been higher than the all-women average.

PHILANTHROPY & SERVICE

Each chapter has philanthropy they support, also individuals are encouraged to engage in their own volunteer opportunities.
